There is approximately $160.00 due from uncollected water rents for the above year.

On account of the extreme low water at the Reservoir last Fall it was necessary to take immediate steps whereby more water could be drawn from the Pond. In order to do this a cement dam and sluiceway was installed between the Pond and Reservoir, which permits of the Pond being lowered at least 4 feet protecting our water supply at all times.

Pressure Strainers as recommended by the Board of Underwriters, and which were voted by the town, have been installed below the Reservoir.

Respectfully submitted,

EDGAR W. SANBORN,
Superintendent of Water Works.

Report of the Trust Funds of the Town of Ashland, January 31, 1929.

During the school year 1927-1928 there were no schools maintained in Ashland Town School District. Eleven pupils attended the elementary grades in the Ashland Special School District, two attended the elementary grades in Plymouth Normal School, and two attended high school in the Special District.

At the annual meeting of the town district, March 1928, an article was placed in the warrant to see if the district would vote to petition the State Board of Education to take steps to unite the two school districts; after a consideration of the article the clerk of the town district, Mrs. O. H. Amsden, notified Commissioner E. W. Butterfield of the action and a hearing was arranged by the State Board of Education to be in Ashland at the Elementary School building at 10:00 o'clock A. M. May 10, 1928. At that hearing

the town was represented by the selectmen, the Special School District and the Town School District by their respective school boards and the State by Commissioner E. W. Butterfield, Deputy Commissioner, J. N. Pringle, Wilfrid J. Lessard of Manchester and Mrs. Alice S. Harriman of Laconia. The following agreement was drawn up:

SOME STATEMENTS ABOUT THE CURRENT SCHOOL YEAR, 1928-1929

In July Harris W. Calley resigned from the office of treasurer of the Ashland Town School District; and O. A. Brown was appointed treasurer of the combined school district by the combined school board, after having resigned from the Ashland Special School Board. P. E. Gammons was elected chairman of the New Board. Much feeling of praise and appreciation should be expressed for the long and faithful service of Mr. O. A. Brown on the school board in Ashland. Mr. Brown served the school district efficiently and faithfully for a period of thirty consecutive years, during which time he worked for the welfare of the present and built well for the future. In the words of Mr. Brown, "I have, as school board member, seen the schools in Ashland evolve from an ungraded elementary school to the present system in two buildings having graded work and an approved high school course from which our pupils may go on to the State University and the State Normal Schools." The value of Mr. Brown's interest and efforts during all those years on the lives of all the children who have passed in and out of the Ashland schools can never be fully realized, but should be appreciated very greatly.

In March the entire school district was saddened by the death of the chairman of the school board, Mr. E. P. Colby. Mr. Colby had served the school district as a member of the board for fourteen consecutive years. All who worked with him were impressed by his abundant enthusiasm, his optimism, his progressiveness and never failing loyalty to all things that build for the welfare of the community and especially for the development of our boys and girls into well prepared and useful lives. His presence at school board meetings was always anticipated. And his ever readiness to devote his time and energy to school work made associations with him most pleasant, and inspired those left to carry on the work.

This year the Calley School is being maintained. There are nine pupils enrolled from Ashland and four from Holderness.

For repairs and improvements on the school buildings, the Pease school house roof has been recovered; the roof of the high school building has been recoated and the window sashes and the fire escapes have been repainted. Also wire re-enforced glass has been placed in the windows that open directly onto the fire escapes.

In the high school the Commercial Department has 37 pupils enrolled, the Domestic Arts Department has 23 enrolled, the College Preparatory Course has 2 enrolled.

There is no special teacher of music this year. Mr. Cotton and Miss Holland are handling the music work in the high school building and Mrs. Porter is supervising it in the elementary building. The schools will be giving the public programs of a musical nature later in the year. Mr. Cotton has organized a Junior Orchestra which is a very much worthwhile project and not only will the participants profit greatly by the experience but the public will greatly enjoy their playing. The elementary teachers and pupils have secured a piano for their building. The schools opened in September with an enrollment of 295 and has increased during the fall term to 310. There are 22 non-resident elementary pupils and 18 non-resident high school pupils.

In June, 1928, Helen M. Fleming, Herbert L. Noyes, Dorothy I. Dicklemier, Carroll C. Kelley and Margaret L. Fifield were graduated from the high school. Miss Fleming is continuing her education in Keene Normal School, Miss Fifield in Northfield Seminary and Mr. Noyes in Concord Business College.
